This DVD is presented through the eyes of a prospective nursing student with a disability who interviews Susan Fleming, MN, RN, a nursing faculty member, who was born without her left hand. Susan takes the student to the nursing skills lab where she demonstrates the following skills:

- Sterile gloves
- Clean gloves
- Sterile dressing
- Tying a patient gown
- Lifting a patient
- Injection

This DVD was developed through the collaborative efforts of Susan Fleming, MN, RN, and Donna Maheady, EdD, ARNP, with support from Washington State University Intercollegiate College of Nursing and [ExceptionalNurse.com](http://www.ExceptionalNurse.com)
